FROM THE PRINCIPAL

Welcome to the second last newsletter for Term 2. We are about to move into the exam phase of the semester and hopefully all our students are now revising thoroughly. Year 12's will sit the GAT next week. This is the first year that the Year 12's have not had mid-year exams. The negative is that some subjects will have more intense end of year exams, but the positive is that they won't lose the three lessons due to exams being held.

An Election In The Air

Principals always know when an election is coming up. Politicians are contacting us and wanting to meet. I have had two make approaches in the last two weeks: our local Victorian member seeking information about buildings and facilities and what support we have had from the current Government, and Bill Shorten has invited John Walsh, our School Council President and I to a meeting at his office next week. Interesting times. All I want is for all politicians to give education the priority it deserves and provide us the resources needed to give our students the best possible education in the best possible environment.

College Values

Over the next 12 months we will be working on the implementation of a School Wide Positive Behaviour Program which is designed to renew our Discipline process across the College. Schools that have adopted this process have seen large improvements in student behaviour that provided benefits for all members of the school community. As part of this process we will be looking at our three College Values: Learning, Initiative and Respect. We will be asking the following questions:

- What does each value mean?
- What does each value look like at Rosehill Secondary College?
- Are the values still relevant?
- Is there anything missing?

We will be asking all sectors of the community to answer these questions including parents. More information will be distributed over the next few months.

Cabaret

You will see in this newsletter lots of photos from the Funky Rose Café Music evening. What a great show! Our next production is the dance cabaret with its circus theme: Circus Du Rose. Ms Mortellaro assures me it will be one of the best shows she has done and she has been blown away by the multi talents of our students. I urge as many parents to get on board as possible and come and see the show. It will be running for three evenings early next term.

Principal's Report Continued

Picking up students

We are getting a growing number of parents contacting the office asking for students to be removed early from class so they can be picked up without warning. Given that the school has now over 1100 students and is spread out over a large area it is creating a lot of work for our office staff and taking them away from other duties. We are happy to help in cases of emergency but I urge parents to prearrange pick up times with the students and put a note in the diary so the student already knows to come to the office at a specific time. "Call up" announcements will not be made during class time as this causes continuous disruptions during class time for all students. Parents will be asked to wait until the student can be contacted.

Thank you for your cooperation.

Peter Rouse
Principal

Return of Excursion Permission Slips

Students MUST return excursion permission forms prior to the scheduled excursion. Slips must be returned with payment. Students will be refused attendance to any excursion if a written note has not been supplied. Verbal consent is not satisfactory and students cannot request that the office call parents for permission. This is a legal issue as all permission slips are to be retained as proof of approval. Students will be sent to an alternative class for the duration of the excursion.

Personal Goods Brought To College At Own Risk

Personal property is often brought to school by students, staff and visitors. This can include mobile phones, electronic games, calculators, toys, musical instruments, sporting equipment, and cars parked on school premises.

The Department of Education and Early Childhood Development does not hold insurance for personal property brought to schools and it has no capacity to pay for any loss or damage to such property.

Staff and students are discouraged from bringing any unnecessary or particularly valuable items to school.

Sapphire Street Congestion

Could Parents/Carers please consider parking in alternative streets rather than congesting Sapphire Street. There is current demolition and building works happening opposite the school which is causing terrible congestion during, before and after pick up times. We anticipate these works may continue over several months. It is suggested for the safety of students that Sapphire Street be avoided where possible

Student Diaries

There are still a number of students who are not equipped as required with a College Student Diary. The diary is issued to Years 7 – 9 students on the full payment of 2013 fees or a part payment of \$100; for Years 10 – 12 students at least \$125 of the 2013 fees must be paid for the diary to be issued.

Student diaries are one of the essential tools for successful learning at Rosehill. They are also meant as an important communication avenue for communication between parents and teachers.

Use of the diary includes recording extension and redemption dates, failure to submit homework and assignments for completion, as well as detention dates and times, out of uniform details and passes to the library and toilet or to see other teachers. The diary is also used to record positive aspects of a student's progress, academically and socially.

Students are required to take their diary to Home Group meetings at the beginning of each school day and to all classes. They are expected to produce it when requested by teachers. Students record their homework and special requirements for each day in their diary and they plan the completion of assignments over time.

Rosehill's student diaries have important information specific to our school, as well as general pages, including College policies relevant to our students e.g. Student Code of Conduct, Homework and Study Requirements, and guides to planning and revision.

Thank you for your cooperation and assistance in ensuring that your child / children are equipped with this important item for successful learning.

It is expected that all students have a diary when semester 2 studies begin from Monday 24th June 2013.

Junior School News

We are now at the business end of the term and next week our Junior School Students start their Mid-Year Exams. Our Year 7 Students may feel some nerves about their first set of exams. To assist all students in their revision we have handed an exam and study booklet to help them in their preparation. We ask that Parents sit down with their child and discuss some of the key ideas in the exam and study booklet. Students need to try their best, but it is important to remember that exams are used as training for students so they are confident in this process when they reach VCE.

On Friday 14th June students will not be required at school as teachers have a Report Writing Day. It is important that before that date students all check with their teachers if they have any outstanding work and ensure that it is submitted.

Congratulations to the Year 7s on their excellent behaviour during the Reach Foundation program on Tuesday. Thanks to Ms Hughes for organising the event. The presenters were pleased with our students behaviour and participation.

Mr Martens our Year 8 Coordinator has sent out a flyer to all Year 8s about the Camp. There are a limited number of spots so interested students need to collect their form from the Junior School Office and pay their deposit as soon as possible.

The Junior School would like to wish all of our students the best of luck in their up and coming exams.

Handy Hints for Improving Learning

No.11 Help them to build the essentials skills for success.

Three of the skills needed for success at school (and in most areas of life) are concentration, memory and sequencing or getting things in the right order. The games that parents play with their children such as Snap, Uno, Concentration, Battleships, Monopoly, Chess, Jigsaw puzzles all play an incredibly important role in developing these skills of success. Computer versions of these games are not as effective in helping children develop these skills. To really help your child to succeed at school every so often switch off the TV, unplug the computer and pull out a game.

No. 12. Limit the amount of part-time work

Senior secondary students should not work more than ten hours a week at a part-time job. If they do so, there is clear evidence that their marks will suffer. From " Help Your Child Succeed at School" by Andrew Fuller

Excursion to Lygon Street

On Wednesday 22nd May, our Year 10 Italian class went to Lygon Street for a day out. In class we have been learning about food and shopping. Ms Genovese thought it would be a good idea to see the different Italian things around Lygon Street. We walked along the street and stopped at various places where Ms was able to explain to us some of the history. On our guided tour of Lygon Street we saw shops that had local Italian products like wine, fresh pasta, bread and cheeses. After that we went to the Museo Italiano (Italian museum) where there were belongings and information about when Italians migrated to Australia and what they had brought over with them. It also had information about famous Australians with Italian heritage such as Sir Donald Bradman! After the museum we were sent out for an hour and half to have lunch and look at the shops. Some students sat down and had lunch at a restaurant or café on the street and some stopped to get take away. We finished off the day by meeting at Piazza Italia (town square) where we witnessed a very entertaining game of down ball played by the other students. All in all we learnt a lot of interesting things on a great day out.
