Dear parents and students,

I would like to welcome all current and new students to the College for the start of the 2011 school year. The first edition of the Parent Newsletter is not due to be published until later next week, so I felt it was necessary to provide an earlier Principal’s report simply to share the latest news about our teachers, who the coordinators are and who the new teachers are.

COORDINATORS
The following teachers have been appointed as student management coordinators for 2011.

- Year 7 Coordinator: Ms Kat Puskaric
- Year 8 Coordinator: Mr Mitchell Gaunt
- Year 9 Coordinator: Ms Annette Ellis
- Sub-school Leader (Years 7-9): Ms Ann Russell
- Year 10 Coordinator: Ms Andy Flouris
- Year 11 Coordinator: Ms Anna Vida
- Year 12 Coordinator: Mr Colin Thompson
- Sub-school Leader (Years 10-12): Mr Vince Murone

NEW STAFF
It is exciting for students to have new teachers so I have prepared a list for parents. We have employed an excellent mix of graduates, accomplished and expert teachers:

**Ms Stephanie Barbaro**
Stephanie is a Maths/Psychology graduate but for this year she will be teaching maths. She is actually an ex student of the school having completed Year 12 with us in 2006 gaining a very high university entrance score. Stephanie underwent teaching practicum with us last year and we were so impressed we employed her during Term 4 to run a Maths tutoring program. When the opportunity came up to offer her a maths position we did not hesitate.

**Ms Natalie Fitzgerald**
Natalie is Maths graduate. She impressed us with her references and she completed her teaching practicum in the Ballarat area. We welcome her and wish her all the best.

**Ms Renee Marcuzzi**
Renee is working in the Art and Performing Arts area. Like Stephanie, she was a graduate of our College, completed Year 12 in 2006 and did her teaching practicum with us last year. Renee as a student had always got on extremely well with staff and students and over the years we had all
got used to her bright personality, dedication to hard work and responsible attitude. She is a welcome addition to our staff.

**Mr Chris McConnell**  
For 2011 we have had an expansion of classes in the technology area and Mr McConnell has taken up teaching after many years working in the timber industry. He also did his practicum with us in 2010 and demonstrated high quality skills, knowledge and ability to work well with students. Another welcome addition.

**Mr William Stubbings**  
William is a highly regarded graduate in PE and Science from Monash University. His references were excellent both from the University and the schools where he completed his practicum.

**Ms Melissa Browne**  
Melissa is a Science graduate who had spent the last six months teaching at a school in the Northern suburbs.

**Ms Sarah Dyson**  
Sarah is an accomplished teacher who has had experience working overseas and in Australia. She is an expert Outdoor Education teacher and has impressed us with her zest, enthusiasm and passion for her subject. Sarah will also be teaching some Science.

**Ms Rochelle Eggins**  
Like Sarah, Rochelle is also an accomplished teacher and has had experience in teaching overseas and in New South Wales. Rochelle has fitted well into the Food Tech area.

**Ms Brooke Hughes**  
Brooke was a very impressive graduate teacher working at the College in 2009. Last year she decided to work in Europe as a teacher's aide so we were extremely pleased when we found out that she wanted to return. She has also been appointed as our Health and PE Coordinator.

**Ms Sharon Fellowes**  
Sharon is an Expert teacher who will be teaching VCE Geography and junior Humanities. She is very skilled in a number of areas having taken on many various leadership roles in other schools and she has been appointed as our Humanities Coordinator.

**Mr Rohan Lelliot**  
Rohan is an expert teacher who has spent the last few years working in the Shepparton area. He will be teaching Science and Junior Maths. He has also had a great deal of experience as a Year Level Coordinator and been involved in developing Music programs. He will add a great deal of depth to our Science Department.

**Mr Matthew Nyland**  
Matthew is an American Exchange teacher working with us for the Year in the Phys Ed area. He comes from Denver and is already making a major contribution to the College and quickly building strong relationships with students and staff. His enthusiasm is infectious and he continues to comment about how much he is enjoying being at our College.
Ms Nadia Vossos
We are very fortunate in being able to employ Nadia. Nadia is an expert Maths teacher and had been a numeracy coach at her previous school in the Melton area. She is taking on a similar role with us and I am sure will make a valuable contribution to the College in the years to come.

Ms Anne Russell
Anne has been appointed to the College as a Leading Teacher in charge of the Years 7-9 subschool. She had been working as an expert in Teaching and Learning at her previous College and has had many years experience as a Coordinator.

Ms Enza Russell
Enza is working in the office area for a term. She is at the front line dealing with our parent community on a day to day basis, and this is a very important role in any organisation.

I have stressed to our new staff that Rosehill has a wonderful school community and they will thoroughly enjoy teaching the students and working with their parents to ensure that we get the best for everyone.

Peter Rouse
Principal
